

Let's Do Color! with Deb Coombs

Materials/Supply Handout:

Students will provide their own watercolor set, brush, container for water and a ruler or something with at least a 6" straight edge.

Ideally you should have a set of watercolors (not watercolor pencils or markers) that provide an array of colors you like beyond primary and secondary colors. Tube or cake is fine. Although mixing and creating your own colors is fun, this is not the best time and project to do that, unless you are very proficient with watercolors. Watercolor sets are available online: Amazon, Dick Blick, Jerry's Artarama, etc. Brick and mortar: Jerry's (FC), Guiry's (Boulder and Denver), Hobby Lobby, Michael's, Art Parts Creative Reuse Center {Boulder.} You will need a brush that is of good quality that can paint in small areas. You will also need a watercolor palette, many watercolors have them built into the lids.

If desired, a few students may purchase a watercolor set and brushes from the instructor for \$8.00 on the day of class as follows:

Deb will have a few watercolor sets, with brushes, on hand and available for purchase. (\$8 payable directly to her on class day.)

Note: Your best bet is to email her in advance to have a set reserved at dcgneota@gmail.com These sets are not high-end by any means, but it is the set that was used to paint the sample tiles and they turned out well.

Materials Provided by Teacher as part of Class Fee:

Instructor will provide 2 white Zendala tiles, graphite pencil, white charcoal pencil, micron pen, tortillion, marcus operandus, handout with step outs.
